

CONTRACTS

FY 1996

200-92-0510 Klemm Analysis Group, Inc. (Task Order)

Statistical Analysis of CDC MPEP HIV and HTLV Laboratory Test Performance Data and Determination of Laboratory Characteristics Related to the Level of Performance

200-92-0533 Analytical Sciences, Inc.

CD4 T-Lymphocyte Testing Impact Evaluation

200-93-0621 North American Biologicals, Inc.

Collection, Preparation, Packaging, Shipping and Storing of Plasma Samples for Use in Evaluating the Performance of HIV-1 and HTLV-I/II Antibody Testing and Collection, Preparation, Packaging and Shipping of Whole Blood Specimens for Use in Evaluating TLI by Flow Cytometry

200-93-0626 Battelle (Task Order)

Assessment of the Effectiveness of the National Laboratory Training Network (NLTN)

200-93-0650 DynCorp

Identification and Characterization of Laboratories in the United States and Its Territories That Perform Tests to Detect Infection by Human Immunodeficiency Virus Type 1 (HIV-1), Human T-Lymphotropic Virus Types I and II (HTLV-I/II), and That Perform T-Lymphocyte Immunophenotyping (TLI) by Flow Cytometry

200-94-0074 Analytical Sciences, Inc.

Provide Editorial Services for HIV-1, HTLV-I/II, and TLI Results Booklets

200-94-0823 Diane E. Sumpter & Associates (DESA) (Task Order)

National Conference on Clinical Laboratory Improvement Amendments of 1988 (CLIA '88) Research - Frontiers in Laboratory Practice Research

200-94-0839 Analytical Sciences, Inc.

Evaluation of Clinical Laboratory Tests in the Diagnosis and Treatment of Urinary Tract Infections

- 200-94-0859 Analytical Sciences, Inc.**
Validation of the Use of a Split-Specimen Design to Characterize Problems in Laboratory Testing
- 200-95-0907 Analytical Sciences, Inc.**
Comparison of Methods for Evaluating Proficiency in Screening Gynecological Cytology
- 200-95-0924 Conference Management Associates, Inc. (CMA) (Task Order)**
2nd National Conference on CD4+ T-Lymphocyte Immunophenotyping
- 200-95-0932 DynCorp**
Develop and Implement Performance Evaluation Program to Assess the Laboratory's Susceptibility Testing Process for Multidrug-Resistant Strains of Mycobacterium Tuberculosis (MDR-TB)
- 200-95-0933 Westat, Inc.**
Inventory of Laboratory Testing Services by Analyte, Test Systems and Test Volumes in the United States Using a Stratified Random Statistical Sample of Laboratories
- 200-95-0935 Macro International, Inc.**
A CLIA Comprehension Survey and Information Program for Physicians' Office Laboratories
